

Case History Format for Suzanne Clothier Seminars:

The basic questions I would like answered by folks who would like to submit their dogs as possible case histories:

Name & Address

Dog's Name

Dog Breed, Sex & Age

What type of training have you done with this dog?

What is your favorite thing about this dog?

What would you change about this dog if you could?

Please describe in detail the problem(s) you are experiencing with this dog:

What have you done so far to address the problem/issue described above?

If aggression is involved, how many times has a dog bitten a person and how much damage was inflicted with each bite?

How many times has the dog fought with other dogs and how much damage was inflicted during each fight?

What do you hope to accomplish in your time with Suzanne as she works with your particular problem/issue?
